- **SAP** - Intermediate
- **Minitab** - Intermediate
- **Project** - Intermediate
- **Tableau** - Basic
- **Python** - Basic
- **SAS**- Basic
- **Signavio** - Basic

## CO-CURRICULAR ACTIVITIES

- Tennis
- F1 simracing
- ping pong
- mindfulness

# DYLAN JAIR RIVERA CASTAÑEDA

## INDUSTRIAL ENGINEER

### PROFESSIONAL EXPERIENCE

#### ◆ BUSINESS ANALYST CHS | JUL 2023 - CURRENTLY

- Develop and maintain the "DivePort" platform.
- Generate reports for various hospital departments, facilitating data-driven decision-making.
- Collaborate in planning the demand for materials and medications.
- Participate in a project to standardize the information managed by the hospital, improving data consistency and accuracy.
- Participate in a project to measure the capacity of hospital equipment and workload across different departments.

#### ◆ BUSINESS INTELLIGENCE INTERN AT VEMO | AUG 2022 - DEC 2022

- Mapped all processes within the Human Resources department.
- Proposed improvements and standardized various processes.
- Automated databases, resulting in over 80% reduction in time spent and cleaned up previous data.
- Created Key Performance Indicators (KPIs) for performance tracking.
- Provided training to staff on best practices in Excel.
- Provided support in various selection processes.

#### ◆ BOSCH DEMAND PLANNING INTERN | NOV 2021 - AUG 2022

- Creating various reports and automating their processes.
- Monitoring maritime and land shipments.
- Carrying out demand planning for a product line of the company.

### PROJECTS

#### ◆ BANORTE | FEB 2023 - MAR 2023

- Create a proposal to reduce employee turnover among Generation Z. This proposal won the campus competition and I can present it to the directors of BANORTE.

#### ◆ DIGITALENT DEMAND PLANNING UNILEVER| SEP 2021 - NOV 2021

- Optimizing the consolidation process through automation of the shape of stocks report, resulting in a 91.6% reduction in time (from 2 hours to 10 minutes).
- Implementing a tool to facilitate opportunity identification by improving stock visualization for enhanced business opportunity detection.

### EDUCATION

#### ◆ TECNOLÓGICO DE MONTERREY | AUG 2019 - JUN 2023

- I am recently graduated at Tecnológico de Monterrey CEM, and I have a specialization in data analysis. Throughout my life, I have developed values and skills that have helped me successfully complete various projects and complementary activities.

### VOLUNTEERING

#### ◆ PREPANET | AUG 2020 - JUN 2021

- Providing tutoring by identifying and addressing individual needs, adapting the methodology, and evaluating learning outcomes to provide constructive feedback.

### FORMACIÓN COMPLEMENTARIA

#### ◆ CERTIFICACION CAPM | FEB 2023 - ABR 2023

- Este curso de Project management es impartido por el Tecnológico de Monterrey
